PITTSFIELD'S HEAVYWEIGHT CHAMPS

Jacksonville, Jerseyville, Mt. Sterling Win Regionals

Jacksonville Beats Winchester, 60-39, For Sectional Berth

Jacksonville defensed Winchester to nine field goals, five in the first three quarters, and merely went through the routine of beating the Wildcats, 60-39, for their ninth sectional berth in the past ten years under coach John Chapman.

The Friday night regional finale was a 'hotly-protested' battle from start to finish according to the reaction of the fans. The week-long grind seemed to have taken its tall on the officials and at times it looked as though the crowd could have gotten out of hand on some of the questionable decisions. But they didn't and everything went according to IHSA Hoyle.

However, in the end the deciding factor definitely proved to be JHS' superior height. The Crimsons controlled the boards and used this advantage on the full-court press to stop the Wildcats.

Jacksonville has seen better

The Crimsons held center Tom

The Crimsons held center Tom

games and so has Winchester. But Jacksonville's one big scoring factor—getting the ball to Bone for threw a clog into whatever chance threw a clog into whatever chance tor—getting the ball to Bone for easy layups — didn't pan out. Bone's timing was a little off but he still managed to lead the Crimson scoring with 18 points, 14 of which came in the first half. Jim Keller hit 15 markers with 14 complex in the second half.

Three as clog into whatever chance Winchester had came with 45 seconds remaining before intermission. The 6-4 lad who had been averaging 17 points a game drew his fourth personal foul.

Winchester pulled to within 10 mounts of the lead 26-16, but that

Winchester got off only 28 shots points of the lead, 26-16, but that in the game and 14 came in the was the closest threat. JHS led in the game and 14 came in the final quarter. John Schofield made three of Winchester's six shots in the initial frame and Roger Hurrelbrink made the only bucket in the second quarter out of five Wildcat attempts. The losers got only three shots in the third canto and Hurrelbrink collected this one also. Winchester made four of 14 in the final go around.

Was the closest threat. JHS led by 12 at halftime, 29-17.

Jacksonville outscored Winchester, but the Crimsons dominated play with their big men—Bone, Allison and Keller. Winchester's only third quarter field goal was made by Roger Hurrelbrink with 4:20 left. For the remainder of the third quarter and for five minutes in the final go around.

Tom Flynn managed to get the goal-less until Les Watt connectopening tip for Winchester and ed with three minutes left in the championship playoff. Schofield an easy layup 18 sec-ends later. Dave Allison evened 19th against six setbacks. The loss the count at 2-all with 7:27 re-maining. Jacksonville went out in Jack Renfro's quintet, who finishonds later on a one-handed jump tally. JHS stayed anywhere from 6-9 points during the remainder of the chapter and led, 20-11, at

the first break. Bone's 10 point accounted for 20 of the markers Roger Trier, subbing for Merrit Norvell, who rested most of the game with an injured ankle, and Mike Hudson covered Winchester's guards like a blanket on the full

A Word About Girl Scouts

these days to complain that American youth is not as vigorous or hard working as youth behind the Iron Curtain. As Girl Scout Week, March 8-14 is observed, marking the 47th anniversary in the United States, we would like to point out that many youngsters in Girl Scouting and in other youth groups are learning to grow up as alert, self-disciplined and useful citi-

Last year, for example, a 17-yearold Girl Scout won a national science award for her individual research work in astronomy. While not many Girl Scouts are likely to become astronomers, more than three and one half million Girl Scouts are learning how valuable our freedoms and traditions are. Even more important, they are

It's becoming very fashionable learning that a democracy depends on citizens who are willing to serve their communities.

> The Girl Scouts in the Jacksonville area and the nation are celebrating their anniversary this year with the theme, "You Can Count on Her to be Creative." Special emphasis is being given to arts, homemaking and service projects because the Girl Scouts believe that it is essential for every youngster to develop self confidence and initiative as well as specific talents. This is a very different kind of youth program than those behind the Iron Curtain and one that all of us can be proud of.

> The men and women who serve as volunteers in the Girl Scouts and in other youth groups should be congratulated. They are not only helping youngsters, they are serving their

Assembly Should Increase Funds For Mentally III

(From The Chicago Daily News)

Illinois Budget Commission this week a request for about \$75 million more to operate state mental hospitals in the next biennium than the last legislature gave them.

This would be an increase of 50 per cent. It would bring the two-year appropriation for this purpose to more than \$226 million.

-Sound medical and psychiatric epinion supports every penny of this

It is needed to bring these services in Illinois up to a standard befitting this state's resources.

In 1958, Illinois spent an average of \$3.66 a day for the care of a patient in a mental hospital. Twenty-nine other states did better.

In 1958, Illinois spent an average of \$2.65 a day for the care of a child or other patient in a school for the states did better.

No one can predict what ranking ment for the mentally ill. the increase would give Illinois in 1960. prove their care of patients. All things they must buy.

put Illinois in 1960 about on a par in these institutions.

Dr. Otto Bettag presented to the expenditures per patient with that Connecticut spent in 1958. Connecticut was next to the top, second to Kansas.

> In our opinion, the increased mental health budget ought to take precedence over every other proposal for a big increase in any function of state government. No other lags so far behind the national standard.

> Demands are made for greatly increased state aid for common school education, and with good reason.

> But the total average expenditure per pupil in Illinois is fifth or sixth highest in the country, considering all sources of revenue, including local

This is not the first year that Dr. Bettag has sought a decent appropriation for the mental institutions. Hitherto ne has not been properly supported either by the governor or the Reed either by the governor or the Reed either by the governor or the Renublican lander from the publican leaders in the legislature.

This time, we hope the governor lieving that arrangements had flabbergasted, what it needs to provide decent treat- | Secret Service men.

More drawings next Sunday so keep watching for southern yours and for those of your friends.

A Visit To The Alamo

By Loella Sloane Young

Part 5: Brave Choice

This letter, asking aid, was carried to San Felipe it not only against other birds but sooner or later choose the field thon too much, by a courier who slipped through the Mexican lines also against snakes, cats, or other of modeling that he or she wants the people living under the plastic City. It was awfully quiet on the under cover of darkness. Other couriers were dis- possible enemies. It gives a loud to specialize in. But before doing dome covering Moon City, there's moon. patched, begging first one settlement and then another harsh "tchack" and dives at its so you would be wise to sample

Col. James Bonham was finally sent to nearby The third question came from a Goliad to seek any possible aid. But Col. Fanning of high school boy. He had seen a gerous to the teenagers as they and the seek any possible aid. But Col. Fanning of high school boy and seen a gerous to the teenagers as they are them started on the seen a gerous to the teenagers as they are them started on the seek any possible aid. Goliad, decided a relief expedition to the Alamo was gray bird drop down from a tele- Flying Models. not feasible.

But the stirring news of the Alamo siege had alwing.

ready reached the garrison of Goliad, and 32 men,

"Was it a Shrike?" he asked, choose the one field you most occurry because of the toxic and disgusting on the last half of the body.

SMALL FACTORY

"Well, good luck to you on your because of the toxic and disgusting on the last half of the body.

The body is a light orange in than that and the fish is liable to become sick.

his sword drew a line in the building and engaged the defend always a fighter. carth. Informing them of the hoplessness of their situation, he offered them the choice of stepping across the line and joining him in a death stand or of taking their chances at escape by going over the well.

Clubbed rifles, Bowie knives, pistols, and bayonets came into play as room by room the Texan resistance in the Alamo was wiped out.

Next. "Remember The Alamo."

With one exception every man crossed the line. The exception was Moses Rose, a Frenchman, who later told this story. James Bowie, too ill to stand, had himself carried across the line on his Pupils' Poems

off. At nightfall the Mexican guns fell silent

Then, in the early morning hours, before dawn, they were aroused by the enemy's bugal blaring the "duguello" (no quarter) and out of the darkness came Santa Ana's charging troops. They rushed the walls on all sides with their scaling ladders shouting and screaming as they came.

Deadly Aim

But the Texans were not to be taken without making the Mexican army pay dearly for the mission, and the courageous frontiersmen took deadly aim with their guns The first assault columns were cut to ribbons, and one general was trampled to death by his own men in their headlong flight to escape from the range of the terrible Texan guns.

Again they pressed forward and *gain they were beaten back. For the third time they were regrouped, though badly shaken, and at dawn the final assault got under

Too Many Mexicans This time the odds were too great for the Texans. By sheer force of numbers, the Mexicans swarmed up their ladders, over the north wall and through the breach, overwhelming the Texans in sav age hand-to-hand fighting. Traviwas among the first of the defend

WEST OF THE MOON

Another man-made planet is destined to take its place in the solar system—the Army's Pioneer IV moon shot—joining Russia's Mechta (Dream). The speed of Pioneer is just enough to enable it to escape the gravitational pull of both earth and moon and send it into orbit around the sun. This is the first time an American rocket has achieved so-called "escapevelocity." Pioneer's orbit is predicted to be somewhat larger and more elongated than the earth's, but because of its greater speed it will still take about a year to circle the sun.

Proceeds Will Go To United Fund

Morgan County United Fund will be the recipient of all money taken in by the annual stunt night at Illinois College's Memorial Gymnasium. At that time the Student Forum of Illinois College will present their annual 'Paradees 4.

Last year was the first time that an event of this type has and the response was highly gratifying. The forum was able to present the United Fund with about \$100. With that experience behind them, the various societies and independent organizations hope to make this year's performance even more enjoyable to local citizens.

Since all of the profits go to charity, even the actors from the societies will purchase tickets to get in the door. The societies participating are Gamma Delta, Chi Beta, Sigma Phi Epsilon, Jamma Nu, Phi Alpha, Sigma Pi, Alpha Eta Pi and the men's ndependent organization.

SCOUT ROUNDTABLE SET FOR MONDAY

The March District Roundtable or Boy Scout Leaders will be neld Monday evening, March 9, at Salem Lutheran school Troop 108 in charge. Most of the program vill concern the April theme,

John Spencer, in charge of Roundtable discussions, has held planning meeting with Henry Komnick, chairman Art Blimling and Scoutmaster Vern Opperman and City Forester Gerald Minkin. Salem Lutheran Troop, Represenatives of all District Units are irged to attend.

Camping and activities chairnan, Paul Smith, and his comittee, will discuss the Exposition. The leadership training commitee, Morris Gotschall, chairman, will demonstrate Scout leaders part n Cub graduation into Scouting.

Where Do "MIRACLE DRUGS" Come From?

They don't come out of a magician's hat but they sometimes do come from strange places. An East Indian snake root called Rauwolfia was once used widely in India for everything from treating epilepsy to making sleeping potions. Modern chemists then discovered its true therapeutic effectiveness. Now called Resperine, it is widely used in lowering high blood pressure. This kind of exhaustive research keeps your doctor and our pharmacy well prepared to help you maintain your good

NEA Staff Correspondent

WASHINGTON -(NEA)- Alhough the visit of Argentine President Arturo Frondizi isn't likely to produce any unfriendly demonstrations, select bodyguards are making sure he's as safe anywhere in the U.S. as he is in his Buenos Aires living room.

This is the same group that protected Soviet Deputy Premier Anastas Mikoyan from the rotten eggs and clenched fists of embittered Iron Curtain refugees. It also guards Secretary of State John Foster Dulles on his frequent trips to foreign countries.

The name of this skilled organization of trouble shooters is the Special Projects Branch of the State Department's Physical Security Division. Composed of eight men, it has the job of guarding the Secretary and Assistant Secretary of State and any foreign dignitary who pays an official visit to

Each man has spent years working in other PSD branches which handle such jobs as insuring the safekeeping of classified docuembassy guard overseas and preventing spies from infiltrating
